2. **Work Hours:** GEs shall be given the opportunity to provide their work hours and duty preferences to their supervisor at least once every term. This includes requesting duties that are not tied to a set time, like online or web courses that can be taught asynchronously or grading course work. When consistent with operational needs, the unit’s resumption plan and the university senate’s academic continuity guidance, supervisors shall accommodate GEs’ preferences.  

3. **Graduate student assistance fund:** The UO will increase and expand the graduate student assistance fund through the end of AY 20-21 as follows. Except as stated below, all other terms of the graduate hardship fund apply, including timelines for requesting awards, funding provisions and required documentation:

   b. New category created, "Loss of income caused by COVID-19 related absences:" Awards for GEs who have lost income due to a COVID-19 related quarantine or isolation. GEs must exhaust sick leave (including any COVID-19 related leave) first. This assistance is available up to two times and requires documentation that the GE has exhausted leave and is in a required isolation or quarantine period. Awards will match the amount of lost compensation up to $300.  
   c. New category created, “COVID-19 related work expenditures:” Awards for GEs who have had new or increased expenses that are caused by COVID-19 directly tied to their work and who have been working remotely through AY 20-21. These costs must be new (post-April 2020), must be costs that would not otherwise have been incurred but for COVID-19 and related to the GEs work. Maximum award of $50. Documentation of the costs are required.  
   d. New category created, “Guaranteed funding extension visa expenditures:” GEs who are international students that received an extension of guaranteed funding under the below section may apply to the fund for additional visa expenditures caused by their extension in funding. The maximum award for this request is $370.

GE’s who meet the following criteria will be eligible for extended funding: (1) GE’s in good academic standing who have not exceeded 6 years in their PhD program by the end of AY 20-21; and (2) GE’s currently in their final year of their multi-year funding offer commitment as determined by each program’s regular processes. All forms of support should be counted toward meeting the total promised years of funding support. For example, GE positions, training grants, external awards, Graduate School fellowships, and the like all count toward meeting the university’s total promised years of funding support for any given student.
   b. GE’s who: (1) meet the above qualifications; (2) indicate through a survey or other feedback mechanism that they need an extension of funding; and (3) will work as a GE for at least two terms during AY 20-21 will be provided with one-year of additional funding for AY 21-22 for so long as they are a GE in AY 21-22.

Changes to resumption plans will be communicated to GE’s as they are made, and supervisors will be available to discuss questions or concerns. 7. Workplace Safety: When campus community members are not following the face mask safety regulation, other workplace safety regulations or any safety rule provided for in the unit’s resumption plan, GE’s are encouraged to remind the community member of the safety requirement; ask, or notify their supervisor to ask the person to comply with the rule or safety regulation; and, for face mask non-compliance, inform them of where a mask can be obtained. If the campus community member continues to refuse to comply with the safety requirement after being asked to comply by the GE and the person is in GE’s workspace (the same room with four walls), the GE may leave their workspace. The GE may also leave their workspace if they tell their supervisor in-person or via electronic communication about the infraction within their workspace and the issue is not resolved.

Unsafe spaces include, but are not limited to, spaces that cannot be accessed without breaking social-distancing guidelines - as described in University and applicable state and federal guidance.

14. **Student Experience Surveys:** The university will add fields to the instructor self reflection survey and student experience surveys that allow GEs to state the impacts of COVID-19 on their performance. Those statements will be reviewed and considered when assessing GEs’ performance.

15. **Satisfactory progress:** Before a GE’s position is impacted as a result of dismissal from their program for failure to make satisfactory progress, the university shall consider how COVID-19 impacted the GE’s academic progress.

16. **Term and Precedent:** Unless stated specifically in the sections above, the terms in this LOA are effective until Executive Order 20-28 applicable to higher education in the State of Oregon expires or the end of AY 21-22, whichever occurs first. This LOA does not set a precedent with respect to future bargaining sessions or constitute a waiver of the university’s right to assert that subjects are permissible subjects of bargaining.

17. **Complete agreement:** This is the Parties’ final and complete agreement with respect to the implementation of the university’s resumption plans, the implementation of COVID-19 related state and federal executive orders, guidance and laws, and the subject areas described above.
