Courtesy, Campus Associate and Emerit Renewal Process

Jen Mirabile, Assistant Director, HR Programs & Services

Unpaid Appointments include:

- Courtesy
  These appointments are granted to faculty, researchers, postdoctoral fellows, and others who are spending time on the UO campus, but who are not otherwise affiliated with the University. These affiliations are typically limited and renewed as needed.
- Campus Associate
  These appointments are for people who are not employed by the University but belong to an affiliate organization or have a business relationship with a University Department. These affiliations should be time limited and renewed as needed.
- Emerit/Emeritus
  Emerit are retired faculty who have been awarded emerit status based on their eligibility or granted emerit status by the Provost’s Office.

Why is it important to review Unpaid Appointments annually?

- These appointments have access to UO building, computer systems, and property.
- It is important to review for continued access or to terminate the appointment if the work has ended.

May 2023 Courtesy, Campus Associate, and Emerit Review and Renewal Process

- Departments with active courtesy appointments will receive their list of courtesy appointments via email with instructions.
- A point person for shared service units will receive their division list of courtesy appointments for distribution.
- Each list includes instructions for completing this review and renewal process along with a renewal template letter.
Review your report for renewals and terminations. Best practice is to review and complete this process by June 30, 2023.

Reports are available throughout the year by running the Courtesy, Campus Associate, and Emerit Cognos report.

HR will audit these lists this summer.

- A few tips about this process:
  - No action is required for courtesy appointments with no end date – do communicate with these faculty/researchers/affiliates their appointment has been renewed using the approved template.
  - Submit an Unpaid Appointment Form for those courtesy appointments with an end date. Many postdoctoral and research appointments must be renewed this way.
  - Terminate appointments using the Unpaid Appointment Termination Form
