What is HB 3456?

• HB 3456 is a law that was passed in summer 2023 that applies to institutions of higher education in the state of Oregon.

• It includes requirements related to:
  • Annual sexual misconduct training for all students and employees
  • Supportive measures for students reporting sexual misconduct
  • That the university administer and every other year student sexual misconduct survey
  • Annual data reporting requirements to the state of Oregon
  • Complaints filed by students against the University with the Higher Education Coordinating Commission
What must I report to the University?

- HR partners will generally fall into two reporting categories:
  - Designated Reporters (some of you)
  - Assisting Employees (most of you)

- Designated Reporters must report disclosures of discrimination and harassment made by both students and employees to OICRC.

- Assisting Employees:
  - Must report employee misconduct (1) that is reported to you and (2) that you observe. The reporting form is available on the OICRC website, [https://investigations.uoregon.edu/reporting](https://investigations.uoregon.edu/reporting).
  - May keep allegations by one student involving another student private.
Assignment

Going forward, all students and employees at the UO will be required to complete annual sexual misconduct prevention training.

- Training will be assigned in February through MyTrack
- Employees will have 90 days to complete the training with an assigned due date. The University will send out reminders.
- Employees hired after the February launch date will be assigned the training during onboarding
- The method of student employee training is still being determined
Training Reporting

Reporting of non-completion will be sent to unit leadership periodically during the training window.

Following the 90 days, unit leadership will receive monthly reporting on the same schedule as Workplace Harassment & Discrimination Prevention training.
