## Student Employment Exception Requests

| Term | $\quad$ Definition |
| :--- | :--- |$|$| Minimum Credit Hours | This is the minimum number of credit hours per term required for student <br> employment eligibility. Currently the limit is 8 credits for Undergraduate <br> students and 3 credits for Graduate students. |
| :--- | :--- |
| Free Term | Student employees are allowed one "free term" per year when they do not need <br> to meet the minimum credit hour requirement but remain eligible to continue <br> working. The year is defined as Fall through Summer. If taking 0 credits, students <br> may work up to 40 hours/week. If taking 1 or more credits but less than the <br> minimum credit hour requirement, students are limited to working no more <br> than 25 hours/week. Exceptions to this limit require HR approval. |
| Extenuating Circumstances | There are times when a student may not be registered for the minimum credit <br> hours, but extenuating circumstances explain their under-enrollment. <br> Departments may request approval for under-enrollment; these situations are <br> evaluated on a case-by-case basis by HR. If approved for under-enrollment, the <br> student will not be required to use a free term. |
| Request Approval | In situations that require a request for approval, please email <br> talent@uoregon.edu. In the email, please include the specific request, student <br> name, 95\#, and all pertinent details. |

## Student is currently enrolled at UO

Requirement

## Student Employment Exception Requests

## Student is not currently in active student status at the UO OR student is enrolled at institution other than the UO (non-system student)
