

1 **ARTICLE 13. HEALTH and SAFETY**

2
3 **Preamble.** The University of Oregon is noted for its strong tradition of collegiality and
4 support for all members of the institution. Hostile, intimidating, or abusive behavior
5 damages the strong sense of community so valued at UO. We should all work to ensure
6 that each member of our community benefits from a respectful and inclusive working and
7 learning environment. We expect that everyone will make a conscious effort to model the
8 behavior necessary to create an inclusive and respectful climate for all.

9
10 **Section 1.** Bargaining unit faculty members have the right to work in a safe and healthy
11 workplace that meets the safety and health requirements of the Oregon Safe Employment
12 Act and is an environment that is not hostile, intimidating, or abusive. Bargaining unit
13 faculty members shall not be required to work under conditions that violate applicable
14 safety or health laws or regulations.

15
16 (a) A bargaining unit faculty member may report a condition that he or she believes
17 does not comply with applicable safety or health laws. The University will assess
18 the report.

19
20 (b) Upon conclusion of the assessment, the University shall inform the bargaining
21 unit member (in writing if the report was made in writing) of the conclusion and
22 what, if any, action is being taken.

23
24 **Section 2.** Bargaining unit faculty members will attend all required training on workplace
25 health and safety offered by the University. Bargaining unit faculty members will be paid
26 for attendance at required trainings.

27
28 Upon reasonable request, a bargaining unit faculty member will be provided instruction
29 on how to safely operate equipment provided by the University for use by the bargaining
30 unit faculty member in the performance of his or her duties.

31
32 **Section 3.** The Union may appoint two representatives to the Safety Advisory
33 Committee.

34
35 **Section 4.** The University will develop a comprehensive written workplace violence
36 prevention policy. The Union will have an opportunity to fully participate in the
37 development of the policy.

38
39 At a minimum, the policy will address avoiding workplace violence, verbal and
40 nonverbal threats, and similar actions, and will provide a procedure for the prompt
41 reporting of incidents.

42
43 The policy will be developed and submitted to the Provost or designee. The Provost or
44 designee will have final authority to establish the policy. If the Provost or designee
45 materially alters the recommended policy, he or she will provide a written explanation
46 for the change(s) to the Union.

47
48 The workplace violence prevention policy will be posted on the Human Resources
49 website.
